COUNTY FAIR DIRECTORS ELECTED.

Haswell and Green Resign--
Building Committee Refuses
Compensation.

C. V. ROBERTSON PRESIDENT.

Hardsburg, Ky., May 5.—(Special).—The stockholders of the Breckenridge County Fair Association met at the court house Saturday afternoon and elected the following Board of Directors for the ensuing year: C. V. Robertson, Jess Howard, Joe Glasscock, W. R. Moorman, Jr., John D. Shaw, H. M. Beard, George N. Lyddan, T. J. Hook and W. H. Piggott.

No other names were before the meeting. Hon. John P. Haswell and Willis Green resigned and would not permit their names to be presented.

E. C. Haswell offered the following: Whereas, Our fair of 1907, was an unequalled success; that our grounds and buildings and equipments are probably the most beautiful and convenient in the State, with the exception of possibly the largest cities, and that they have bought and build with the strictest economy; and the management and the building committee are of this view, and have refused to accept any compensation for their services. Therefore be it

Resolved, That the stockholders assembled endorse and commend the management of the fair of 1907; our Board of Directors, the building committee, T. J. Hook, C. V. Robertson and John P. Haswell, Jr., and thank them for their services.

Judge H. Dell Moorman seconded the motion to endorse the resolution. Everybody present voted a hearty "aye" and the meeting adjourned, harmonious and nappy within fifteen minutes after President C. V. Robertson had called it to order and stated its object.

CITY IMPROVEMENT.

Chas. Hamman Affords Residents and Business Houses
Convenience of Water
Works.

During the last ten days Mr. Chas. Hamman, one of the most progressive and wide-awake business men of this city, has been busy putting in a system of works by which a supply of water can be furnished to all living on Main street. The pipes are being distributed and several hydrants have already been set.

Mr. Hamman's subscribers are: Dr. Forrest Lightfoot, J. C. Nolte, F. Fraze, Fred May, Conrad & Payne, Seavers Drug Co., Lillian Spill, Wm. Pate, Marion Weatherholt and Chas. May.

May Days For Picture Taking.

The month of May is a most appropriate time for having photographs made says a city photographer. People like to have their pictures taken while their hats are new and their dresses are fresh.

Another reason it is such a popular month is because the weather is bright and persons look happier and prettier in the springtime. The mothers crowd the art gallery with their babies before the summer gets too hot to worry them with the task. By all means the month of May is the best month in which to have a photograph made.

Secretary of Base Ball Club.

Enos Keith, formerly of this city, who now resides at Oolitic, Ind., is secretary of the Oolitic Base Ball Club. Mr. Keith and the business manager, Ray Cook, are expecting glorious results from their team this season. They solicit dates with first-class amateur and semi-professional teams.

Mr. Pate Leaves.

E. T. Pate left Monday morning for Oklahoma City to make his future home. Mr. Pate has been a successful man in the saw-mill business here, and it is the wish of his many friends that he will continue to prosper in the West.

ELEVEN CHILDREN SURVIVE.

Geo. Blake, 63 Years of Age
Passes Away at His Home
Near Cloverport.

On Wednesday evening, April 29, at about 7 o'clock, George Blake breathed his last at his home on the pike, near town.

He had suffered patiently for six weeks with kidney trouble, and expressed himself as ready to die. Mr. Blake was born January 23, 1845, at Cloverport. He married Miss Eliza Clemmons. To them were born twelve children, eleven of whom survive the parents. Three of them, Miss Josie, Ed and Frank, lived with the father at his death.

The deceased was a member of the Methodist Episcopal church. The funeral was preached at the home by his pastor, the Rev. Isaiah Cline, after which the remains were taken to the Johnson burial ground, near Hite's Run, where the burial ceremonies were concluded and the interment took place on Thursday afternoon.

Mr. Severs Ill.

At his home at Union Star, Mr. Jake Severs is very low, suffering from cancer of the stomach. His condition has occasioned much apprehension.

PLAY BALL!

Cloverport Boys Getting Busy
With Ball And Bat--Making
Plans For The Season.

Interest is being thoroughly aroused in our door sports among the school boys in this city and they are making plans to have a great time with ball and bat this season. The members of the club are ambitious school fellows, who are making rapid strides not only in athletics but in their other studies. The club is composed of two teams, West Side and East Side.

The members of the East Side are: Casper Gregory, Sereno Winn, Joseph Burk, Wilbur Chapin, Fred Pierce, Lewis Gregory, Randall Weatherholt, Wilbur Gilliland and Norman Gregory. The West Side players are: Amil Pate, Mike Tucker, Owen Berry, Homer Morrison, Chadwick McCracken, Lewis Morrison, Willie Wroe, Wallace Muriel and Herman Lewis. A game between the E. S. and W. S. will be played on the school-house diamond at 2 p. m. Saturday. The boys are expected to make dates with Tobinsport and Skillman teams.

Base Ball Club.

Irvington, Ky., May 4.—(Special).—A base ball team was organized on last Tuesday evening, Hillard Blues as president, Edwin Jolly vice president, Poin, Galloway secretary and treasurer. The team is composed of the very best men of this section of the State, such as Hubert Piggott, of the Rose Polytechnic, of Berea, Ind., and Edgar Bennett, of State College at Lexington. They are anticipating a victorious team and are ready to receive challenges.

PRETTY ROMANCE.

Love's Young Dream Comes True
For a Webster Girl and a
Former Breckenridge
Boy.

Los Angeles, Cal., April 29.—Yesterday at the little town of Corona, Cal., two young Kentuckians were made man and wife. They are William Thomas, aged seventeen, and Lissa Hatfield, aged fourteen. They both claim Kentucky as their native State, having lived for many years with their respective families at the small town of Webster.

For more than a year the boy had kept his secret while an affection which began in a Kentucky schoolhouse grew warmer and stronger day by day, spanning a gulf of 2,000 miles, ignoring the passing months and bravely meeting every obstacle that lay between. When at last the truth was known William's father knew resistance was useless and today there is only rejoicing in Corona's Kentucky colony.

FESTIVE DAYS AT ST. ROSE.

Eleven Priests In Attendance At
The Forty Hours Devotion
This Week.

BEAUTIFUL MUSIC.

With unusual splendor, unequaled heretofore in the history of St. Rose's congregation, the Forty Hours Devotion in honor of the Most Blessed Sacrament of the altar were opened with High Mass, sermon and procession last Sunday morning by the Rev. Aloysius Meyerling, of Brown's Valley, Ky. In most appealing terms he requested his audience one and all to make this a time of blessing by approaching on this hallowed occasion the Sacraments of Penance and Holy Communion.

Whilst the adoration of our Blessed Lord was being continued during each day of the celebration, special evening devotions and an eloquent discourse on the Sacrament of Penance were rendered by the Rev. George Connor, of Owensboro, Ky.

On Monday morning the high mass in behalf of Peace of the world together with a remarkable description of our heavenly reward for faithfulness to duty were conducted by the Rev. Stephen Holleran, of Irvington, Ky. The usual festive evening Vespers, which are witnessed at this church only on this occasion, were performed by the Rev. John Kalaher, of Louisville, Ky., and a glowing tribute to our Blessed Lord in the Tabernacle, the Centre of Divine Love, was rendered by the Rev. Joseph Odenhall, of Henshaw, Ky.

The concluded exercises of Tuesday morning were conducted at nine thirty

Mr. and Mrs. M. M. Freeman, two of the oldest citizens of Breckenridge county.

a. m. Solemn High Mass was celebrated by the Rev. Cyril Thomas, of Hardsburg, Ky., assisted by Father Kalaher as subdeacon. The Revs. G. H. Moss, of Cannelton, Ind., and Jas. L. Whelan, of St. Alphonsus Church, in Davies Co., Ky., were the Masters of Ceremonies. The concluding sermon, whose leading thought was an exhortation to the faithful to persevere in their fervent devotion towards their Eucharistic Lord, was delivered by Father Kalaher, followed by a procession and solemn Benediction with the Blessed Sacrament.

The St. Rose's Church Choir, under the leadership of Father Odenhall, assisted by Fathers Connor and Meyerling, rendered a program worthy of the occasion. All in all the Forty Hours Devotion of 1908 was an event replete with graces and blessings for the faithful congregation, and will long be remembered by each and every one.

MUSICAL NOTES.

Special music will play an important part in the commencement exercises of the High School. Mrs. L. T. Reid and Mrs. J. Proctor Keith are giving the pupils special training in the singing for the occasion.

Misses Grace Plank and Lula Severs have charge of the children's choir of the Methodist church.

Dr. A. A. Simons and Miss Eva May sang a beautiful duet at the Methodist services Sunday.

Decoration Day Services.

The Tar Fork Christian church will hold services the fifth Sunday of this month, the occasion being in honor of Decoration Day. Elder Thos. Willis, of Shrewsbury, Ky., will preach.

MRS. PILE DIES

Widow Of George Pile, Who Recently Died, Passed Away
Saturday.

Irvington, Ky., May 4.—(Special).—Mrs. George Pile died Saturday at the home of Mr. Enck Smith after a week's illness of a complication of diseases. She was a great sufferer the short time she was sick, but bore it patiently and was ready to go to meet her husband who had passed away just two months previous to her death. The remains were taken to Burns and interred in the family grave yard. She is survived by one daughter, Mrs. Enck Smith.

HARDSBURG.

Circuit Court convenes next Monday with a g. o. d. sized docket.

Mrs. Porter Nunnally, of Georgetown, was the guest of Mrs. D. R. Murray a day or two last week.

The various sale of tickets for Col. George Baine's lecture at the City Hall Thursday night is large, and indications point to a capacity house. The Ladies Aid is to be congratulated upon bringing such talent to our town. No one can afford to miss Col. Baine, as he is without a superior on the platform.

Dr. P. W. Fock, of Beweysville, was in town Saturday.

W. N. Gilson and Z. T. Hardin, of Holt, were in town Saturday.

Clayton Crosson, formerly employed on the Democrat, is again in journalism. For some time he has been in Louisville writing an Indian history of Kentucky. Since completing that work he has returned to Nashville, where he again is on the staff of the Madisonville Journal.

CHILDHOOD LOVERS

TO BE UNITED

Miss Lillian Greenwood and Mr.

J. S. Mattingly To Wed At

St. Rose This Morning.

FATHER BREVY TO OFFICIATE.

The marriage of Miss Lillian Greenwood and Mr. J. S. Mattingly will take place at the St. Rose Catholic church this morning at 9 o'clock, Father Brevy officiating.

The couple were sweethearts for five years twenty one years ago. During the time that has elapsed since then Mr. Mattingly has been married and his first wife has been dead thirteen months. He now lives at Tel City, where he holds a position with the Slick Barrel Heading Factory.

The bride is the daughter of Mr. Frank Greenwood and is a lovely woman. After a visit to Mr. Dick Carter's family they will leave for Tel City to make their home.

IRVINGTON.

Miss Ethel Farrington, of Athens, Alabama, who has been in Louisville for the past nine months studying music, arrived Saturday to visit the Misses McGlothlin until after the wedding of her brother, Rev. F. H. Farrington to Miss Mable Simmons, of Brandenburg, the middle of May.

Miss Vesta Vaughan, who has been acting as governess at the home of Mr. and Mrs. Jake Kendall, left Saturday for her home near Campbellsville, Ky.

Misses Eva and Mable McGlothlin leave today for Louisville to spend a few days.

Miss Ada Stith returned to Beweysville Saturday after being the guest of her cousin, Miss Willa Drury.

Mr. and Mrs. Harry H. Kemper have gone to Frankfort where they will be the guests of his brother and sister, Dr. and Mrs. Menish.

Mrs. L. B. Moreman and son, Louis Bennett, spent Friday in Louisville shopping.

Mrs. James King gave a surprise party Sunday to her daughter, Miss Evelyn King, in honor of her fifteenth birthday. Covers were laid for about twenty of her young friends.

Miss Nellie Smith expects to leave the latter part of the week for Hardsburg for a week's visit to friends.

Mr. and Mrs. Edd. Alexander were the guests of Mrs. W. H. Rhodes at Brandenburg last Sunday.

Mr. J. R. Wimp has sold his land lying southeast of the L. H. & St. L. R. R., containing about three hundred acres to Mr. Jonas Lyon. Consideration \$30 an acre.

Born to the wife of Mr. Miner Arms, on Tuesday, April 29, a fine girl.

Mrs. F. B. Hoskins, of Glendens, spent several days last week here visiting her daughter, Mrs. Walker Brown.

Miss Golla Brown has returned to her home near Garfield after a short visit to Mr. and Mrs. John Galloway.

Mrs. Willard Arnold and children are visitors of relatives and friends in Owensboro this week.

J. F. Claycomb has returned from a business trip down in the southern part of the State.

Miss Mary Cornwall spent Saturday and Sunday in Louisville visiting relatives.

Mrs. I. M. McAfee and daughter, Della, after being the guests of Mr. and Mrs. Edd. McAfee for a week, left last week for their home at Allen, Ky.

Allen Pierce, of Cloverport, spent Sunday here visiting friends.

Reports received from all over the county indicates that the fruit was greatly injured by the heavy frost and snow of the previous nights. Some of the more tender vegetables were also slightly hurt.

Mr. and Mrs. LaRue Cox, of Louisville, were visitors in town last week.

Mr. and Mrs. Moreman, of Brandenburg have returned to their home after being the guests of Dr. and Mrs. L. B. Moreman.

The Ladies Aid of the Methodist church will give an entertainment to the public Friday, May 15.

The Sunday School Convention of this district will be held at High Plane church.

Buys Another Farm.

James Lyons, the restaurant man at Irvington, has a hankering for farms. He bought last week 30 acres of John Wimp, lying on the east side of the Branch railroad. He is satisfied now, he says, as he has one of the best farms in the county. He paid a good round price for it \$9,000. He has no idea of quitting the restaurant business.

ANNOUNCEMENT OF

SECRET MARRIAGE

Hardsburg Ky., May 6.—(Special).—Keeping their marriage a secret for a short time in order to surprise their friends, the happy couple were themselves surprised. It came about in this way. The groom had written his wife a letter which she joyously read and carefully left it where a member of the family a little later picked it up and happened to see the secret. Of course there was an anxious inquiry and an explanation, and then everybody began to learn that Mr. Alva M. Beauchamp, of Clifton Mills, and Miss Minnie Poole of Garfield, who had been sweethearts for about a year were quietly married at the Fifth Avenue Hotel in Louisville on April 18.

The groom, an excellent young man, is the son of Eugene Beauchamp. The bride is the daughter of Mr. and Mrs. Steve Poole, of Garfield, and is one of the best known and successful teachers of the county.

Capitol's pranks will not take away the teacher, for Mrs. Beauchamp will enter school again this fall as has been her custom for several years.

FISCAL COURT.

Official Proceedings and Claims Allowed at the April Term, 1908.

(Continued from last week.)

This day came Milt Miller, sheriff, and presented to the court a delinquent list as follows:

HOW TO KEEP THE DINNER PAIL FULL.

The traffic and earnings of our railroads are shrinking, our industries continue to show depression, and the greatest economies are being enforced, with a reduction of expenses in every department. Unless the prospects brighten, only one thing remains to be done, and that is to reduce wages. It has been our boast that the Republican party has brought prosperity, the full dinner pail, and the highest wages on record. This is not a party question now. Everybody is interested in the prosperity of the country. Everybody would like to have wages maintained at the highest figure and without a cut. Why not have it so? We can, if all will unite in the good work. Let us name a few essentials to the restoration of confidence:

Repeat the impracticable, oppressive, and in many respects immoral Sherman anti-trust act.

Put an end to all legislation calculated to further cripple the railroads.

Stop "boasting trusts" and hampering great industries that have done no harm and that have been of infinite benefit to our material welfare.

Permit no arbitrary rulings by any department of the government to interfere with or handicap legitimate business enterprises.

Stop the mad, socialist outcry against wealth, honestly and honorably acquired, and the possessors of it.

Send the muck-makers to the rear.

Drop the demagogues.

Then we will be able to give the full dinner pail another chance. Let our leaders pause and think. It will be too late if they trifle; it will be too late if they tarry in the byways, or waste their strength in factional warfare for temporary advantage.—Leslie's Weekly.

It looks like it might be the old ticket—Roosevelt and Fairbanks.

A Merry Widow hat only takes up a whole seat in a railroad coach.

We never saw things looking better between Stephen-port and Union Star than they are now.

All papers discontinued at the expiration of time paid for. It's our rule. Don't ask us to break it.

That is a glorious sight from the hills above Stephensport. No view on the lakes can compare with it.

Merry Widow hats, Gibson ties, Christy ties and Oxford ties, will be in evidence at the races this week.

Taft gained 91 votes last week. He now has in sight, according to Mr. Roosevelt, 700 which will give him a walk-over on the first ballot.

Tammany Hall, New York, will send 8,000 delegates to the Denver Convention at a cost of \$80,000. It costs something to be in politics in New York.

Mighty bad outlook for the farmers; but they couldn't get discouraged, it can't rain very much longer. The thing to do is to get ready for the good weather when it does come. It is the man right on the spot that wins out.

There is universal regret among the members of the A. S. of E. on account of President Shrewsbury's resignation. It is to be hoped he will reconsider his action. It will never do to give up the ship that carried you over, Mr. Shrewsbury. Now is the most important period in the history of the society. Stand firm and stand together means better farmers and more prosperity.

From Louisville to San Diego.

Dear Editor Breckenridge News:—I will try to give you a brief history of our journey to California enroute to visit our brother and cousin, Chas. W. Wood, who resides at Bonita. He is holding a position with the Sweet Water Fruit Co., at Bonita.

We left Louisville at 8 a. m. Thursday, October 10th, 1907, journeying through the day, arriving in the city of St. Louis at 6 p. m. the same evening. Leaving St. Louis via B. & O. Railway for Kansas City, arriving there at 8:30 a. m. the following morning. Leaving Kansas City via U. P. for Denver, traveling the great prairies of the West Central State of Kansas; darkness overtook us just west of Ellis, Kansas. Arriving in Denver at 8 a. m. Waiting in Denver about an hour, we then left via Denver & Rio Grande, traveling through the noted Canon, called the Grand Canon. Arriving in Salt Lake City at 3 p. m., hence to Ogden at 6 p. m. After leaving Ogden we passed over the Great Lucian Cut, off and across the great tressel, which crosses Great Salt Lake. Then entering what is known as the Great Salt Lake Desert, after leaving the great desert we entered the Sierra Nevada Mts. Afterwards we entered the Snow Sheds, covering a distance of 12 miles, just as we emerge from the sheds, we climb the summits of the mountains, from there one can see some of the beautiful scenery, getting a good view of the great pines, also Denon Lake. After leaving the station called the Summits, we gradually descended the mountains into the Sacramento Valley. After leaving the Snow Sheds after two hours ride, one enters the land where they can see fruit, such as oranges, grapes, etc., growing. Passing the Capital of California we took the cut off for San Francisco. Arriving there at 11 p. m. remaining there through the night and part of the next day, leaving the railroad the great earth quake, having at 2:15 for San Diego by Coast Line. The valley is rather level from Escondido. Entering the Valley, rather wild and hilly, we passed through 217 tunnels, with a distance of 100 miles. Arriving at Los Angeles at 9 a. m., left Los Angeles at 2:15 p. m., arriving at San Diego at 5:30 p. m. Staying in San Diego all night, came to Bonita at 2:30 p. m. the next day. We found Chas. W. Wood and family and to our great joy and hearty and able to ent all set before him, still remaining at Bonita, being employed at the same place as Chas. Yours Respy,
C. Wood & S. T. Dowell.

GOOD ROAD CAMPAIGN

Policy of Construction Favored by the National Grange.

GOVERNMENT'S AID WANTED.

Farmers Ask For National Highway Commission and For Federal Appropriations to Improve and Maintain Public Roadways.

The national grange, an organization of farmers in twenty-seven states, with an aggregate membership of nearly 1,000,000 members, has for a number of years advocated the enactment by congress of legislation creating a national highways commission and making liberal appropriations for the improvement of the public road. During the past year the grange has perfected plans for conducting a wide-spread, systematic, educational campaign for the purpose of showing the urgent necessity for the adoption of a broad, comprehensive policy of public highways improved by the various township, county and state authorities and to induce the national government to lead its assistance to a movement intended to secure the establishment of a complete system of properly constructed roads in all sections of the United States.

It is contended by the members of the grange that the improvement of our highways is fully as desirable as the improvement of our waterways and that the work of the proposed national highways commission would greatly stimulate the construction of better roads by the various states, counties and townships. The splendid road system of France, admitted to be the best in the world, is declared to be chiefly the result of the policy of the French national government, under which a corps of highly trained engineers plan and direct the work of construction and maintaining the principal roads of that country.

The deplorable condition of most of the roads in the United States, especially the worst in any civilized country, is generally recognized, and it is urged by the grange that it is high time that action should be taken by the national government to bring order out of the existing chaotic conditions and substitute a scientific policy of road construction and improvement for the haphazard methods which now prevail to so large an extent.

The following resolutions, unanimously adopted by the national grange, give the point of view from which the farmers regard the question of federal aid to public road improvement.

Whereas, The improvement of the highways of the country is a matter of general public concern, and should receive the attention and assistance of the national government; and

Whereas, The roads of the country, which are paid for by the people of the country as a whole should be developed in a systematic and purposeful way which will benefit the greater number of the taxpayers in all sections of the country;

Whereas, No argument can be advanced in favor of the appropriations of congress on behalf of river and harbor improvements that does not apply with more strength to the improvement of our public roads; therefore,

Resolved, That the national grange favors a general policy of national roads construction by the various states, counties and cities; and

Resolved, That we favor the immediate enactment of legislation by congress making liberal federal appropriations for the improvement of the public highways of the country, these appropriations to be expended in such manner as congress may prescribe.

House bill 15,337, introduced in congress on Jan. 30, 1917, by Hon. Frank D. Carrier of New Hampshire, which embodies the views of the national grange on this subject, provides for the creation of a national highways commission and for the construction

NATURAL AND A WOMAN'S WORK

LYDIA E. PINKHAM

Nature and a woman's work combined have produced the grandest remedy for woman's ills that the world has ever known.

In the good old-fashioned days of our grandmothers they relied upon roots and herbs of the field to cure disease and mitigate suffering.

The Indians on our Western Plains to-day can produce roots and herbs for every ailment, and cure diseases that baffle the most skilled physicians who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham more than thirty years ago gave to the women of the world a remedy for their peculiar ills, more potent and efficacious than any combination of drugs.

Lydia E. Pinkham's Vegetable Compound is now recognized as the standard remedy for woman's ills.

Mrs. Bertha Muff, of 615 N.C. St., Louisiana, Mo., writes:

"Complete restoration to health made possible by the use of your suffering woman I am willing to make my troubles public.

"For twelve years I have suffered with the worst form of female ills. During that time I had eleven different physicians without help. No longer can I tell what I suffered, and at times I could hardly walk. About two years ago I was advised to try your Compound and Mrs. Pinkham's advice restored health and strength. It is worth mountains of gold to suffering women."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Muff, it will do for other suffering women.

Improvement and maintenance of public roads is the highest consideration of the nation. The subject now pending before congress in that it provides for the direct expenditure of the proposed appropriation in road construction and improvement by the national government, acting in co-operation with the state highways commission or other agency for the improvement of the public roads. The amount of the appropriation stated in the bill is \$20,000,000, to be made available at the rate of \$100,000 per year, which at least \$500,000 to be expended in each state at the rate of not less than \$100,000 annually.

The members of the grange and the farmers in general in all sections of the country are vigorously demanding the enactment of this bill, and it is believed that it will come law in the near future.

Under the provisions of house bill 15,337 it will be possible for the national highways commission to apply the appropriations provided for in that measure to the construction, improvement or maintenance of any public road in any section of the country, since all roads connect with or lead into some other road used in interstate commerce. It is provided in the bill that the commission shall, as far as possible, act in co-operation and consultation with the authorities having charge of the construction and improvement of the public highways of the several states, and in accordance with this provision the distribution of the amounts appropriated will be governed by the wisdom of the commission, acting through their public road officials. Under this policy there will be no danger of some roads in certain sections of the country receiving more than their fair share of the federal appropriation since the people of each state can be relied upon to see

to the improvement of the public roads of their own state.

Resolved, That the national grange favors a general policy of national roads construction by the various states, counties and cities; and

Resolved, That we favor the immediate enactment of legislation by congress making liberal federal appropriations for the improvement of the public highways of the country, these appropriations to be expended in such manner as congress may prescribe.

House bill 15,337, introduced in congress on Jan. 30, 1917, by Hon. Frank D. Carrier of New Hampshire, which embodies the views of the national grange on this subject, provides for the creation of a national highways commission and for the construction

IMPROVED ROAD MOVEMENT.

Importance Said to Be Recognized by Taxpayers.

One of the drawbacks to the progress of rural development is bad roads. This fact is becoming generally recognized, and in nearly every state in the Union there is manifested a tendency to remedy this evil by state appropriations for the establishment of public highways, says the Architects and Builders' Journal. Among one class of people is the need of good roads realized better than by the farmers and others engaged in agricultural pursuits. Until within recent years these same people opposed the idea of the state issuing bonds to raise money for this purpose, for by a false conception of economy they believed that the cost of modern improved highways would mean an increase of taxes.

Since, however, they have had practical demonstrations of the advantages of good roads by the saving they afford in time and the wear and tear of horses and vehicles, no class of people is more unacquainted in their own advocacy. It is not the farmer alone who is benefited by the building of good roads. Others who for business or pleasure find it necessary to travel by public highways from city to city or from town to town appreciate the advantage of a smooth, solid roadbed. Like the railroad, these vehicles are an incentive to development, and it is demonstrable that where ever good roads have been established that section has developed in material prosperity and the rate of its growth has advanced. This is particularly true of the suburbs of large cities.

Improved roads have proved themselves to be an attractive incentive to industries to purchase lots and erect dwellings. Modern demands in this respect have enlisted the attention of road engineers who have devised plans for these highways, and they are built from scientific plans instead of by the haphazard system which has heretofore prevailed and which was invariably attended by unsatisfactory results.

The introduction of improved macadam and bituminous paving has done much to promote modern road building. They are durable and satisfactory. Economically considered, their cost is money well invested, as the relative relief from accident and loss, the facilitation of travel and the benefit resulting to proximate property more than compensate for the original outlay.

"Health Coffee" is really the closest Coffee imitation ever yet produced. This Coffee Substitute was recently produced by Dr. Shoop of Racine, Wis. Not a grain of real Coffee in it either. Dr. Shoop's Health Coffee is made from pure toasted grains, with malt, nuts, etc. Really it would fool an expert who might think it for Coffee. No 20 or 50 minutes tedious boiling. "Made in a minute" says the doctor.

Good Work in Illinois.

President Miller of the Galva (Ill.) Good Roads association stated recently that over twenty-five miles of road had been graded and as much more graded under the auspices of that organization. He said further: "We have specimens of road where the grade was completed, the road surface and drainage laid out, and the water line was within one foot of the surface and through which for many years people waded and trudged in the spring and sometimes in the fall when it rained. But these portions of the road are now firm and as good as any we have." He also stated that the highway commissioners had been making contracts with the farmers for grading their roads at \$4 a mile and that the cash system of road working is heartily approved by both the taxpayers and road users.

Thousands Have Kidney Trouble and Never Suspect It.

Presidency of Kidney Disease.

Most people do not realize the alarming increase and remarkable progress of kidney disease. While kidney disease is not a new disease, it is the most common diseases that prevail, they are almost the last recognized by patient and physicians, who continue to suffer until themselves with doctoring the effects, while the original disease undermines the system.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Kidney, the great kidney remedy, cures every case of kidney disease, whether it be in the back, kidneys, liver, bladder and every part of the urinary passage.

It cures all the most common diseases that prevail, they are almost the last recognized by patient and physicians, who continue to suffer until themselves with doctoring the effects, while the original disease undermines the system.

A pattern of this skirt may be had at a slice from 22 to 32 inches waist measure. Send 10 cents to this office, giving number 3822, and it will be promptly forwarded to you by mail.

Half length coats are almost universally worn. One must have at least one of the half length coats in the wardrobe. The color can be suited to one's needs, but a pretty little stripe is popular. The faint indistinct check is smart.

A trench model gown is of plain chamois in tones of gray with a line of red just visible. The jacket of plain gray is trimmed with black rose and gold, and with it is worn a scarf, one of the novelties of the season.

Flare, circular and knit plaited skirts vie with one another, each having its own special quota of admirers. The general figure effect aimed at is a close fit over the hips to diminish the apparent size and a very full outline below. The skirt illustrated is cut on these lines. JUDIC CHOLLET.

PERU-NA AS A TONIC AND BLOOD PURIFIER.

Mrs. Paul Casavant, 219 Monroe Street, Topeka, Kansas, Concerning Peru-NA. Read Her Letter Below:

MRS. PAUL CASAVANT.

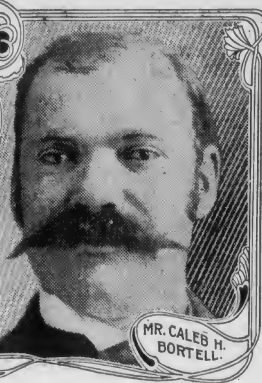

Mrs. Paul Casavant, 219 Monroe street, Topeka, Kansas, writes:
"I have found Peru-NA very effective in restoring my health and strength after I had been worn out and run down for a long time. I began to use it about six months ago when I was unable to leave my bed. My nervous system was shattered and I was daily losing flesh and strength. This condition was completely altered after a few bottles of Peru-NA had been used and I kept on using it until I was finally restored to perfect health and had gained about fifteen pounds.
"I feel so grateful for what your medicine has done for me that I am pleased to give it my hearty endorsement and shall always be glad to speak a good word for it."

Tones up the System.

Mrs. William McRoberts, Waverly, Minn., writes:
"I am perfectly well of the catarrh. I took Peru-NA and Manalin. I recommend your medicine to every one and cannot praise it enough. It is a fine medicine to take any season of the year. Taken in the spring it tones up the system and acts as a gentle stimulant."
A Good Tonic.
Mr. Joe Leonard, Flat 3, 222 Allen St., Buffalo, N. Y., writes:
"I have good reason to endorse Peru-NA as I have found it a good tonic, stimulating the system and sustaining it until great progress, imparting unaltered endurance and making me to work much easier and harder than the system could possibly do were it not for the great power with which it endowed me. I give one service of iron."

In Spring and Early Summer a Tonic is Needed.

The source of good blood is fresh air and well-digested food. If anything interferes with digestion the blood becomes impure.
A catarrhal condition of the stomach prevents perfect digestion. Such a condition allows the food to ferment and decompose in various ways, instead of digesting. The blood is thus contaminated with various materials that do not belong in the blood.
This gives rise to spring fever, eruptions on the skin, general lassitude and constipation.
Peru-NA corrects all these difficulties by acting at the source of them. By restoring the catarrhal condition of the stomach, Peru-NA at once restores digestion, the blood is thereby purified, and the whole machinery of the body is put in working order.
Peru-NA has probably made a more remarkable record in cases of catarrh of the stomach than any other medicine. These cases are very frequent, and we have a host of testimonials in which Peru-NA has received lavish praise for prompt and permanent relief in cases of catarrh of the stomach.

MR. CALEB H. BORTELL.

Mr. Caleb H. Bortell, Police Officer, 219 North Paer street, Baltimore, Md., writes:
"For several years I was troubled with catarrh of the head, throat and stomach. Many times I would vomit before and after eating.
"I took seven bottles of your Peru-NA, and I am glad to say that it has cured me.
"I feel more like living and working, and am not bothered at all with my old troubles.
"I take great pleasure in recommending Peru-NA to all sufferers with catarrh, and I thank you for what you have done for me for none but those who have suffered as I have can appreciate a great cure as I have found Peru-NA to be."

Splendid for La Grippe.

Mr. Frank H. Fisher, 213 S. Cass Ave., Montgomery, Ala., formerly principal of Haynesville High School, writes:
"I can truthfully say that Peru-NA is a splendid remedy for la grippe, and a good tonic for building up the system."

Pain in Chest.

Mrs. A. W. Gustin, 520 Lake Ave., St. Joseph, Mo., writes: "When I began taking Peru-NA I felt quite a severe pain and ache in the left of my chest. I suffered a great deal with it.
"I wrote to Dr. Hartman and asked him what I should do. He advised me

Mr. William Hoge, President Commercial Travelers Association, 290 Broadway, New York, N. Y., writes:
"I endorse Peru-NA as the most effective remedy for catarrh. I have been able to find in my travels in this country or Europe. I can truly say that I have spent thousands of dollars in this country alone trying to find a cure, and it was not until I was induced to give Peru-NA a trial that I obtained anything like permanent relief. As a tonic it is simply great. I thought to be in the grip of every commercial traveler on the road. It cured my wife as well as myself. We have not had the slightest symptom of catarrh for a long time."
In a later letter Mr. Hoge says: "I have used Peru-NA for many years, never without a bottle in my grip. I am the youngest feeling and youngest looking man of my age in New York, which I think is entirely due to Peru-NA."

Hay Fever and Catarrh.

Mrs. Mayme E. Smith, 41 East Mount St., Columbus, Ohio, writes:
"I have used Peru-NA for catarrh and hay fever. The results being remark-

able. I can highly recommend it to all who are suffering with the above diseases. I am happy to be able to say it has helped me wonderfully."

Eyes Red and Watery.

Mr. William S. Hearn, 103 Segal St., Camden, N. J., writes:
"For about two years I was troubled

with my eyes being red and watery, and my general health was very poor.
"Finally a friend advised me to try Peru-NA. I had tried almost everything else, so I purchased a bottle of Peru-NA and commenced to take it at once, and before I had finished the first bottle I found I was improving.
"I wrote you for a special advice concerning my eyes, which I received. I continued to take the Peru-NA until I had used six bottles.
"Now my eyes are absolutely well, and I feel like a new man in every way. I honestly advise any one similarly afflicted to try Peru-NA."

Peru-NA Tablets.
Some people prefer to take tablets, rather than to take medicine in a form. Such people can obtain Peru-NA tablets, which represent the medicinal ingredients of Peru-NA. Each tablet is equivalent to one average dose of Peru-NA.

This day came the committee appointed to examine public property and reported as follows: "We, your committee, appointed to examine and report upon the condition of the public property, report that we find many necessary improvements made this year and much badly needed repairing has been done on public property generally. We find it in first class condition. Respectfully reported,

John O'Reilly, Frank Ruppert, J. T. McCamish."

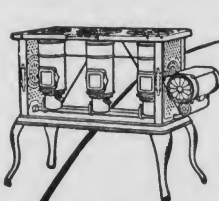

Which report, by vote was accepted and committee discharged.

This day came the committee appointed to investigate the condition of the county poorhouse and county farm and made the following report: "We carefully and thoroughly investigated the premises of the poorhouse and found everything clean and in a sanitary condition and in a good state of repair. We interrogated the inmates and find them contented and they report that they are provided with plenty of good food and receive proper attention from the keeper on all occasions. We have no recommendations or suggestions to make.

Very respectfully,
T. M. Bates, CH Drury, H. G. Vessels.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room. Therefore, when working with the

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

the kitchen actually seems as comfortable as you could wish it to be.

This, in itself, is wonderful, but, more than that, the "New Perfection" Oil Stove does perfectly everything that any stove can do. It is an ideal all-around cook-stove. Made in this size and fully warranted. If not with your dealer, write our nearest agency.

The **Rayo Lamp** is a substantial, strongly made and handsome lamp. Burns for hours with even, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.
